

Colorado Comprehensive Guide School
May 10 – 24, 2017 • 14 days on water

OUR COMPREHENSIVE GUIDE SCHOOL

This is an intensive course that emphasizes skill training in an inspiring outdoor setting of desert canyons and mountain river gorges. Tuition includes 4 nights of camping with food and free transportation from our Durango location on all training days.

Course includes:

- Two days on the Colorado River in Moab, UT
- Two days on the San Miguel River in Telluride, CO
- Eight days on the Lower Animas River in Durango, CO

We provide a state certified instructor for this guide training program. Upon completion, all participants will exceed the requirements for a Colorado Class III river guide.

This course emphasizes river-reading techniques, rather than memorization of set routes. This enables our trainees to guide on Class III water anywhere, not just on those sections previously run.

This course is for those participants who want to become a complete guide. We will cover all aspects of guiding a river trip: **oar and paddle rafting, helmets, technical gear, leadership, group dynamics, meal preparation, crew orientation, river rescue, camp set up, guest service, interpretation, raft rigging, and river navigation for multi-day and single day raft trips.**

Cost: \$725

Payment: Due at time of enrollment (unless other arrangements are made).

Cancellation policy: Up to 14 days notice prior to start date, cancellation fee of \$100; less than 14 days notice, no refund.

It is highly recommended that participants take advantage of our thermal package, which includes: fleece jacket, fleece cap, wetsuit, wetsuit boots, and splash jacket. This package costs **\$50** for the course.
